All full-text articles are assigned a reading level indicator (Lexiles). Additionally, *Middle Search Plus* contains primary source documents including *Essential Documents in American History*, reference books including the *Funk & Wagnalls New World Encyclopedia* and *American Heritage Dictionary, 4th Edition from Houghton Mifflin*, the *Encyclopedia of Animals*, and an Image Collection of more than 460,000 photos, maps, and flags

EBSCO References Databases Available

Academic Search Premier

The scholarly database contains indexing and abstracts for over 8,450 journals, with full text for more than 4,650 of those titles. *Academic Search Premier* contains unmatched full-text coverage in academic subject areas including biology, chemistry, engineering, ethnic & multicultural studies, mathematics, physics, psychology, religion & theology, women's studies, and many other fields. In addition to journal coverage, this database offers access to full-text sources including books & monographs, education reports, conference papers, and more.

Business Source Complete

This is the world's definitive scholarly business database, providing the leading collection of bibliographic and full-text content. *Business Source Complete* contains far more active, peer-reviewed, business related journals than any other database currently available. Journal ranking studies reveal that *Business Source Complete* is the overwhelmingly superior database for full-text journals in all disciplines of business including marketing, management, MIS, POM, accounting, finance, and economics.

Computer Source

Containing nearly 300 full-text journals and magazines—with a balance of full-text technical journals and full-text consumer computer titles—this resource covers topics such as computer science, programming, artificial intelligence, cybernetics, information systems, robotics and software.

Consumer Health Complete

Consumer Health Complete provides content covering all areas of health and wellness, from mainstream medicine to the many perspectives of complementary, holistic, and integrated medicine. This full-text database covers topics such as aging, cancer, diabetes, drugs & alcohol, fitness, nutrition & dietetics, children's health, men & women's health, etc.

Information provided in this database should not be viewed as a means of self-diagnosis or a substitute for professional medical advice, diagnosis, or treatment.

Online Reference Sources

Welcome to MAGNOLIA, the Mississippi Alliance for Gaining New Opportunities through Libraries. MAGNOLIA is a statewide consortium funded by the MS Legislature that provides free databases.

These databases are available by accessing the MCLS home page (www.mcls.ms).
